

**Jan 2019**

**I received this prophetic word from a brother, please take this to the Lord in prayer...**

2019 will be a year marked by blood. The Lord says that the term blood has been removed from the vocabulary of the modern Church, and that many are offended at His words. Just as the Lord's followers abandoned Him at the mention of blood, there will be some who cannot accept this Word. The Lord says He has sent warnings in the skies, in the seas, and on land of the coming turmoil, He has warned in every way, yet many deny the day that is upon us, they continue to prophesy prosperity when it is the prosperity that has blinded the eyes of His Church. The world will be shocked at what will in happen in the coming eighteen months.

Blood will pour out of financial markets in the next 18 months. News commentators will even use the term bloodletting, bleed, and blood flowing on the street as they watch in amazement at the markets liquidation. The Lord says He is striking down every false idol, the bull on Wall Street will be removed. Just as He crushed Israel's idols, He will melt America's.

The streets of cities across America will flow with the blood of it's citizens. The people are throwing off all restraint, and over the next months those whose hope that is not anchored in Christ will turn to violence. With a sense of desperation people will spill one another's blood with the goal of creating peace. Police departments will be overwhelmed, and will stand aside. This will be such a divisive time some will liken it to a Civil War.

These protests will spread across the world like a virus. Turmoil and desperation will cause some nations to declare military rule. The blood spilling in the streets will be opposed with more blood. Overwhelming force will be used. Scenes so shocking live broadcasts will be stopped midstream.

The political world will witness a massive shaking. Long held secrets will be revealed, both right and left will be exposed. Politicians will be out for blood, not caring what the consequences for the nation are. The Lord says to look to Him, He alone is truth. The true Church will rise up, but those hoping to repair the damage through politicians will be silenced.

Diseases of the blood will be in the news. Ebola and new a disease the world has not seen will shake nations divided by the seas. Fear will cripple travel, flights will be turned around midstream, and people will jump from ships from panic.

President Trump is in the valley of decision. While the Lord says President Trump has been a friend to the Church, He has not surrendered his whole heart to God. The next

months will be a time of decision. The Lord says He is calling the President to place of prayer, a place of surrender. If the President surrenders to God the world will know, it will be undeniable, but they will hate the President more.

The Church, the Lord's Bride, will have their covering renewed in the Blood of Christ. Like a fresh baptism the saints of God will perform mighty works through their testimony and the Blood of the Lamb. Verified miracles will happen, some will turn to Christ, others will become enraged. The spiritual battle will be in the open, the way to victory is through the Blood of Christ.

A new schism is also coming to the Church. While undeniable miracles are occurring, the church will become divided, and a massive schism will have brother against brother. Shocking statements will come from Americas largest religious institutions deepening the divide.

**In** the middle of turmoil there is a fresh wave of salvation coming, some will have their eyes opened and have their past covered by the Blood of Christ. Preachers will begin preaching repentance, and forgiveness of sin that can only be found in Jesus's sacrifice. Those who cling to a religious spirit will be offended, some spurred to a deeper relationship with Christ, others will mock.

What is sown will be reaped, the blood that the US has sown is coming back. The prayers of the saints, along with all the innocent blood that has been spilled, is going to be harvested at the same time.

The United States will not be recognizable in 18 months, pray, fast, prepare your heart.
